

## Admissions

We are looking for students from all parts of India and the world who demonstrate a keen desire to learn, who are curious about the world they live in and wish to explore a variety of experiences in order to develop their innate talents.

All applicants will have the opportunity to tell us about their interests and achievements. Because education is a three-way partnership, we also look forward to having an interaction with their parents. IPM is a residential and day boarding business school.

IPM recognizes that applicants may show talent and outstanding achievements in areas other than academic studies. IPM seeks students with strong academic potential, high self-motivation and broad interests. We aim to enroll individuals who will contribute to a rich university learning environment and benefit most from a stimulating and vibrant campus experience.

Admission will be competitive and selective to allow students outstanding in different fields to be considered on their own merit. IPM will use several measures to evaluate an applicant's achievements and abilities. Besides their academic results and CAT/MAT scores, a personal essay and an interview will also count.

IPM welcomes students from all streams (science, arts, commerce, engineering, etc.). At IPM they enjoy the best of both worlds - a top-class Management curriculum and teaching method and the convenience and affordability of the local setting. In addition, there are opportunities for overseas exchange programmes

Students can enjoy state-of-the-art facilities at the Meerut campus. Students can look forward to a vibrant and intellectually stimulating life at IPM and participate in a broad range of cultural, sports and recreation activities, including interest groups.
